Home > Volunteer

Volunteer with Red Cross

Gain new skills, share your existing ones and meet new friends through volunteering.

In this section

- Volunteer with Red Cross
- Search for a role
- For current Red Cross volunteers
- Contact your Mobilisation Hub

This is the website now:

The **join us button** in the middle left is let our user to sign up and join to be our member and save wildlife with us.

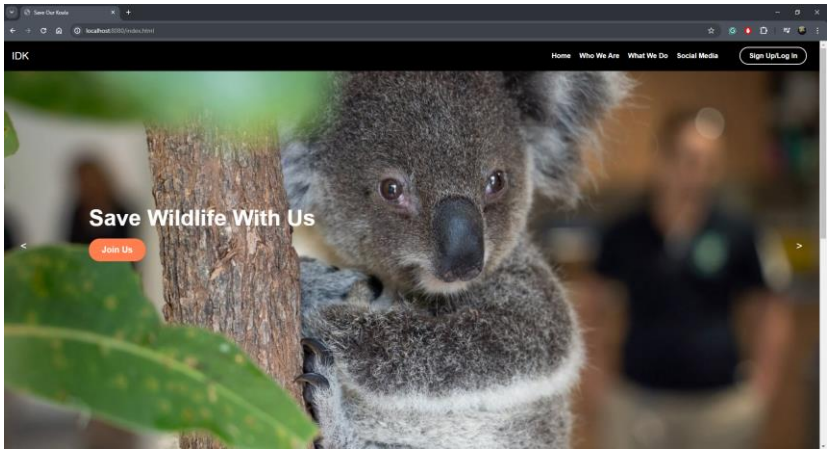
We will have the Home, Who We Are, What We Do, Social Media button, also we will have the Sign up and log and it styled in a circle on the top of the page.

Who We Are button when the user click it, it will show the details of us and talk about our story

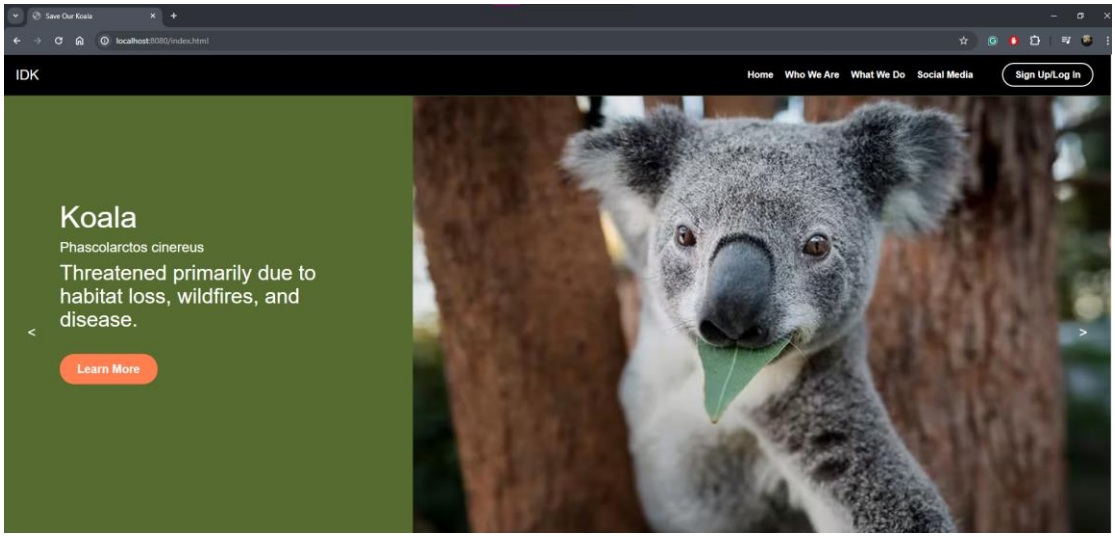
What We Do button when the user click it, it will show what we do to save the wildlife and how can we protect the wildlife and some story of what we did before.

Home page:

We will add a search function in the top right corner let our user to search the animals they want which will show in our final submission.

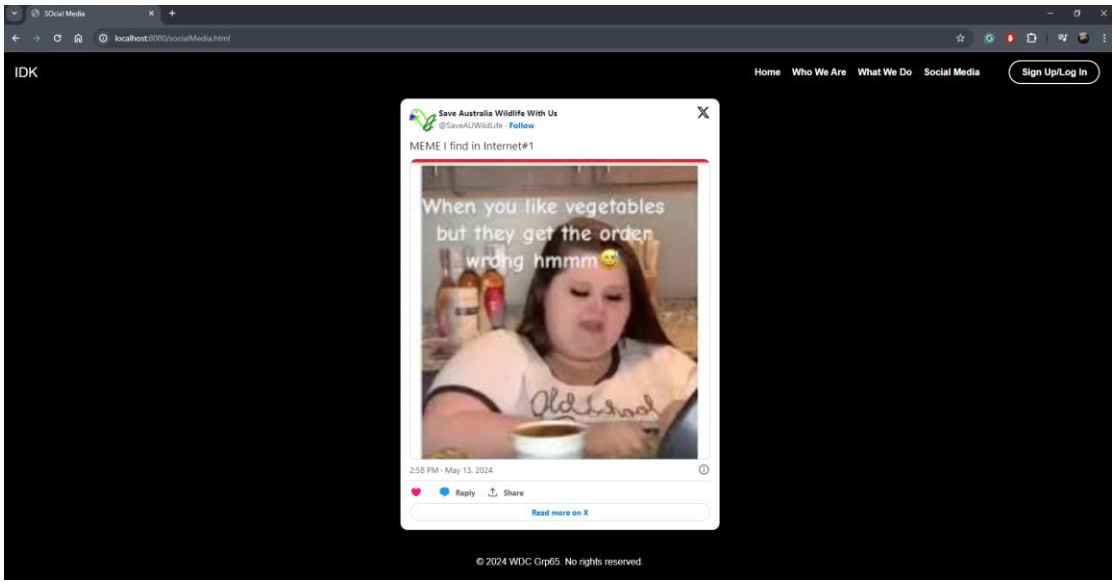


When we scroll down the page it will show the description of the animal, it have 10 different animals which include Koala, Leadbeater's Possum, Northern Hairy-nosed Wombat, Orange-bellied Parrot, Western Swamp Tortoise, Greater Stick-nest Rat, Helmeted Honeyeater, Gilbert's Potoroo, Carpentarian Rock Rat, Christmas Island Flying Fox. User can click the right or left arrow to change to different animals.



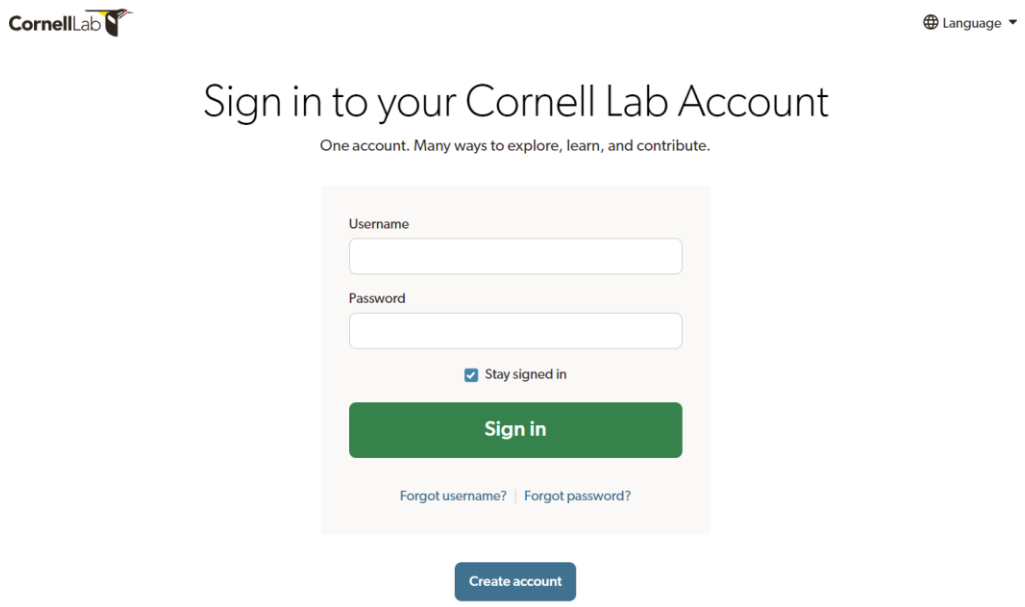
Social Media page:

We will put our X and Instagram in this page and show the latest post in our social media. We now only have X but we will add Instagram page in the final submission.



Sign in Log in page:

We still need sometime to make the page we will add it in the final submission. It will be similar to our research page:



We add a **Black Theme future** in our page and the logo is a light bulb on the bottom right of the page.
